

SLIM

WALL PACK 2.0

The perfect solution with fully selectable options for any outdoor setting.

2L/3L/4L/5L SMALL HOUSING 5L/7L/8L/10L LARGE HOUSING

The Slim Wall Pack 2.0 (SWP2), is available from 2,000 to 10,000 lumens with a high efficacy of 141 lm/W. SWP2 provides greater than 85% in energy and maintenance savings over legacy HID systems. It is the ideal solution for new construction or replacing existing luminaires from 70W to 320W Metal Halide.

SUPERIOR INGRESS PROTECTION

The ILP SWP2 features a quick-mount bracket that allows for hands-free hanging during wiring, streamlining installation. Its no-drill rear housing with a plug-in wire grommet offers superior ingress protection, maintaining the fixture's IP65 integrity in tough environments. For added flexibility, an optional deep box enables direct conduit installation.

FULLY SELECTABLE LED TECHNOLOGY

The Slim Wall Pack 2.0 comes standard with field selectable 3000K, 4000K and 5000K LEDs & 4 lumen levels per SKU. The CCT & Lumen selectors eliminate the need to stock multiple luminaires, ensuring the SWP2 is equipped for every job site.

INVERTED INSTALLATION

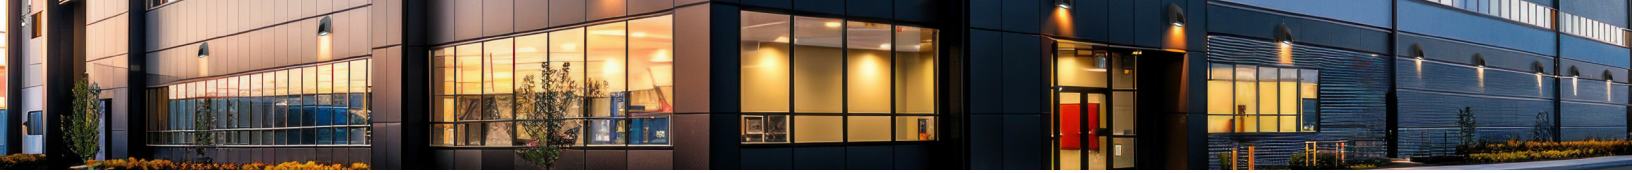

The ILP SWP2 series is designed for versatility, making it ideal for inverted installations where it can effectively illuminate canopies and overhangs.

SUITABLE APPLICATIONS

Pedestrian Walkways | Building Entrances
Multi-use Facilities | Industrial Facilities | Parking Lots
Storage Facilities | Schools | Loading Docks

FEATURES

Sleek 3-PC low-profile Die-Cast Aluminum Housing

Deep Box Standard & Cold Temperature Battery Backup Options

90° adjustable Type IV distribution

New Deep Box direct conduit installation option

Universal Quick Mount Bracket

0-10V Dimmable Driver to 10%

Three 1/2" coin plugs on sides for conduit or electronic photocell

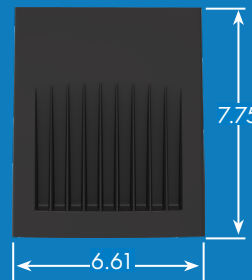

120-277V Driver

L70 >100,000 hrs @ 25°C

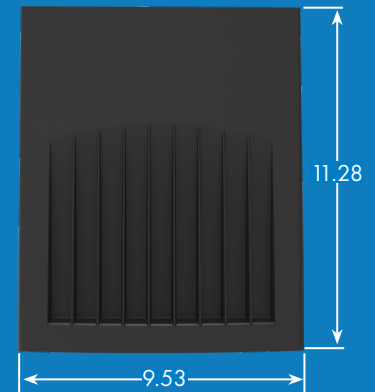

>80 Color Rendering Index (CRI)

10 lumen packages delivering up to 141 lm/W

2L/3L/4L/5L SMALL HOUSING

5L/7L/8L/10L LARGE HOUSING

NUROAir

COMPATIBLE WITH NUROAir® Plug-N-Play Sensor

Optional center mounted field installable sensor (NUROAir by ILLUMUS Brands) provides a clean appearance and a downward sensor with full distribution adjustability. Sensor Plug & Plays via 3.5MM jack with advanced features such as tri-level dimming, grouping, scheduling, and dusk to dawn photocell.
