## SHALLOW DEPTH DESIGN

When space is at a premium, the VTK Troffer Retrofit Kit is your go-to solution. With an incredibly shallow depth of just 2.1 inches, this retrofit kit is designed to fit effortlessly into virtually any recessed application. No need to worry about tight ceilings or limited installation space—the VTK ensures a perfect fit every time. When you need a retrofit that’s as versatile as it is compact, the VTK delivers unmatched performance in even the most challenging spaces.

SIZE	VTK 1x4	VTK 2x2	VTK 2x4
DEPTH	2.9"	2.1"	2.1"

## LUMEN AND CCT SELECTABILITY

Lumen and CCT selectability: The VTK Troffer Retrofit Kit isn’t just about fitting into tight spaces—it’s also about delivering the perfect lighting for your application. With lumen and CCT selectability, you can customize the light output and color temperature to meet the unique needs of any space. Whether you require bright, cool lighting for a workspace or a warmer, more inviting atmosphere, the VTK gives you the flexibility to choose.
